Council Approves Expenditure Of \$1,362.50 For Rock Drill and Breaker

Council met on Wednesday, September 11th., at 9 a.m., all members present.

First of all let us express our good wishes to clerk Gordon Bibby, who is now back on the job after a few months of ill health.

Moved by Roy Windover that the Municipality purchase a pioneer Model B.R. 52 Combination rock drill and breaker with lever changeover and attachments as listed for a total amount of \$1,362.50 sales tax included.

Moved by Roy Windover that a new Culvert be installed in the church beach road south of Carnarvon, and approaches be completed, subject to approval of Municipal engineer.

Council adjourned at 9.15 for the official opening of the new I.G.A. Store in which the Reeve Charles Brandon cut the ribbon.

Moved by Reg. Booth that Council do request the road Superintendent to put the road in shape from No. 35 Highway to the bottom of the hill where the Workman road leads off to Ka-na-di-io Est. subdivision, as this road is in the Municipal road system; and further that a sign be posted at the bottom of the Workman Road thus, "Municipal road ends here".

It was moved by Roy Windover that the road superintendent be authorized to attend the Ontario Good Roads School at Huntsville expenses to be charged to the road by-law.

Moved by Roy Windover that Council do apply for interim Subsidy to the Dept. of Highways, and that the Reeve and Clerk be authorized to sign this application.

Moved by Roy Windover that the road superintendent be authorized to purchase the necessary culverts, approximately 140 feet and three catch basins, necessary to complete drainage along the road allowance of the Bobcaygeon Road to the new road allowance with work to be completed immediately the new road allowance as shown on plan of survey dated September 16, 1966, by J. B. Trepanier.

Moved by Roy Windover that

the road superintendent be authorized to purchase 60 tons of bulk road salt from the Canadian Salt Co. at the price of \$14.12 per ton, F.O.B. Minden, subject to the approval of the district Municipal Engineer.

Moved by Robt. Gorrie that the Council approve the agreement dated June 22, 1968 and registered with Russell and Martha Robertson, whereby Robertson agrees to sell to the Municipality all the sand and gravel required on Lot 27 Con. 2 Minden Township at 15c a cu. yd. for a five

year period with a provision the agreement may be extended for a further five year period upon being notified by the Municipality prior to June 30, 1973.

Moved by Roy Windover that the road accounts in the amount of \$18,531.01 be approved for payment.

Moved by Reg. Booth that the Municipal accounts as read by the clerk in the total amount of \$36,445.60 be approved for payment.

All motions were carried and the meeting adjourned.

ED HARDING

FORMER MINDEN MAN DIES

A Lindsay antique dealer, Edward Webb Harding, died Tuesday last in the Ross Memorial Hospital. He was 63.

Mr. Harding who was twice an unsuccessful candidate for town council, was born in County Antrim, Ireland and served with the Royal Irish Constabulary and spent five years with the British merchant marine. He was formerly a member of the Leaside, Ontario town council and before moving to Lindsay about 4½ years ago, he operated an antique store and restaurant in Minden.

Mr. Harding, who operated

Harding's Antiques, 173 Lindsay St. S. contested town council elections in 1965 and 1967.

Among the survivors are: his wife, Kathryn (nee Eber) and two sons, David of Oshawa and Richard at home.

Funeral services will be Thursday at 2 p.m. from the chapel of the Mackey Funeral Home, Peel St. Burial will be in Riverside Cemetery.

BUS TO PETERBOROUGH LEAVES PROGRESS OFFICE AT 6:00 P.M. SHARP

All those who will be traveling to Peterborough on Sunday evening to see the Maple Leafs in action, are asked to be at the Minden Progress Office at 6 p.m. sharp.

The bus will drop everyone off at the same location on the return trip. It is expected that the bus will arrive back in Minden at approximately 12 midnight.

THURSDAY SMILE

The trouble with school drop-outs is not that they can't see the hand-writing on the wall but they can't read it.

DOLLO BROS. HELD OPENING FOR NEW I.G.A. STORE HERE

It was a busy spot here last week as the new I.G.A. Store opened beside the Minden Progress. Council was on hand to help officiate the opening, with Reeve, Charles Brandon cutting the ribbon.

This new store is certainly a credit to the Main Street of Minden, and will start the expansion of the business section south on the Bobcaygeon Road.

We feel sure the people of Minden join with us in congratulating Pete and Joe Dollo on their new store, and wish them the best of success in the future.

When Joseph and Peter Dollo opened their new IGA Food Market on Main Street at 10 a.m., Wednesday, September 11, it was the culmination of a story of progress which began 23 years ago with the delivery to Minden of a truck load of vegetables.

Joe and Peter Dollo first arrived in Minden in the cab of their delivery truck in the spring of 1945, two produce jobbers supplying small independent food merchants. They liked what they saw. In December of the same year they bought a small store on Main Street and Minden had two new food retailers.

From that winter day in 1945 Joe and Peter Dollo never looked back. In 1956 they built a new market across the street from the original store and Dollo Brothers IGA was in business. It has grown into one of the district's major food outlets. Four years ago, fire severely damaged Dollo Brothers IGA but a complete remodelling after the fire restored the market. Now a market, nearly twice the size of the present store has been opened to serve the public.

The new Dollo Market is served by four checkouts and later by five; a paved parking lot for 60 cars; a 32-foot, double-deck meat case; 28 feet of double-deck produce counter of which 16 feet will be refrigerated; a 16-foot frozen food case; eight-foot ice cream case and a 16-foot dairy section. The store is nearly 6,000 square feet in total size, two-thirds of which is devoted to selling area.

MINDEN'S NEW KINDERGARTEN

The Minden Kindergarten Class opened this September with an enrolment of 45 pupils. 24 of these children attend morning classes and 21 the afternoon class. To be eligible for Kindergarten a pupil must be 5 years of age by December 31 of the school year and a certificate of birth must be presented when the child registers.

At the noon hour, taxis have been returning the morning pupils home and returning with the afternoon children. These drivers have been most patient and co-operative in their dealings with these children on their first break from home and parents. The regular school buses transport the children to school in the morning and on the regular run home at night. The problem of transportation has been quite involved and the School Board and drivers are to be congratulated on the fluency of their operation.

The Kindergarten room was a regular classroom, extended to include the hall. With but minor architectural changes, it has been transformed into an attractive room for young children. In keeping with to-days modern trends, we are using various shaped tables, grouped in informal working areas. The furniture and classroom colors correspond in tones of beige, pumpkin and cocoa.

In this formal atmosphere the children learn to work and play either independently or in group situations. They learn to relate to themselves, gaining recognition as a dignified human being. They learn to relate to other people and develop a respect for other children and adults. They learn physical development, co-ordination, and manipulative skills. They learn to relate to the world, having many opportunities for experiences to arouse their curiosity and awareness of their environment.

The first year in school is a critical period in the child's growth. Initial experiences and impressions leave indelible imprints which affect later growth and development.

Although the demands of society may change, there are universal basic needs which do not change. These include the need for self-confidence, for belonging to the group, for achievement, for a variety of experiences, and for love. These needs must be satisfied if a child is to acquire a sensitivity and adaptability which enables him to meet the changing demands of his society. Social living, as experienced in the Kindergarten, is an important means to this end. The Kindergarten is not a baby-sitting service, as some folk have suggested, but an important aspect of development; social, moral, physical and educational of our future adults and leaders.

Walter Safety says,
"Avoid playing with
air-inflated toys
and inner tubes
in the water.
Keep them on the beach
where they belong."

HERE AND THERE

by FENWICK FINCH

Dear Chester — Sorry to disappoint you but I'll be back next week — .

MINUTES OF COUNCIL MEETING TOWNSHIP OF STANHOPE

Moved by Eric Cross, Seconded by John W. Down, resolved that the minutes of August 6th meeting be adopted as read. Carried.

Moved by John W. Down Seconded by William Cowen, Resolved that B.A. Contract for supply of fuel be accepted at prices as follows: Furnace oil (Including furnace cleaning 21.2c per gal. Diesel Fuel 24.8c per gal. plus road tax 24.0c per gal. Aviation Gas Plus tax if applicable 43.0c per gal. Above prices to include B.A. supplying 1-500 gal tank for Diesel and Electric pump. 1-500 Gal tank and Electric pump for Aviation Gas. 1 hand pump for transmission lubes. Carried.

Moved by Eric Cross, Seconded by William Cowen, Resolved that the Township purchase 20 tons of Salt for road maintenance. Carried.

Moved by William Cowen, Seconded by John W. Down, Resolved that tenders be called for sanding and auxiliary ploughing of Stanhope Township Roads for the season of 1968-69 Township to supply plow and sander and repairs to same.

Applicant to supply truck and repairs to same, also to attach said equipment at his expense. tender to be at an hourly rate. lowest or any tender not necessarily accepted. tenders to close October 1st. 1968. Carried.

Moved by John W. Down, Seconded by Elsie Bursey, Resolved that the Hydro contracts for Municipal Garage and Aerodrome be approved. Carried.

Moved by Elsie Bursey, Seconded by William Cowen, Resolved that a letter be sent to all land owners from P. Richardson to C. R. Brereton's advising that if they bear the cost of survey for the right-of-way from the end of present Highland Road now owned by the Township to the Hawk Lake Road, and deed same to the Municipality, all possible will be done to bring this road into satisfactory condition. Carried.

35 WEDDING ANNIVERSARY

On Saturday night friends and neighbours paid Mr. and Mrs. Percy Sherman of Kinnmount a surprise visit. The occasion was their thirty-fifth wedding anniversary.

The couple were presented with a platform rocker and two occasional tables, and a guest book containing seventy-eight names.

Mrs. P. Sherman the former Florence McDonough, was the daughter of the late Mr. and Mrs. John McDonough of Toronto. Florence was born at Niagara Falls. Percy was the son of the late Mr. and Mrs. John Sherman and he was born at Furnace Falls.

Percy and Florence were married in Toronto September 9, 1933 where they lived until they moved to Kinnmount in 1946. Mrs. W. Powell was their bridesmaid and the late Wes. Powell was best man.

The evening was spent in card playing and dancing. The music was supplied by Messrs. Alex Swinson, Bert Bowron and Percy Sherman. Mr. S. Crego called for the dancing and Norman Gilmore added his contribution to the fun. An anniversary cake — made by Mrs. S. Crego, was served with the lunch.

ARE WE GETTING WHAT

BELONGS TO US? ?

In 1778 when the parliament of England proposed to claim ownership of all public lands, the Hon. William Pitt "Lord Clarendon" reminded them that the right to govern was not the right; under the Magna Charta, to acquire that which belonged to the Citizens, but a trust to protect it.

The Magna Charta is a basic part of our Common Law in Canada the only, protection against the state for property owners.

Truly some of the edicts by governments in the past thirty years without being sanctioned by discussion of elected members, regarding the abrogations of this important document and the injuries to the citizens concerned, is like the "peace of God" that passeth all understanding!

Have you wings with which to fly? You will need them this September.

From the juggernaut called Highways comes an edict to remember!

People may not walk on highways. Cars only may be used? Civil liberty of citizens they have

once again abused! Should you want to see a neighbor, living just across the way, you may not use that Highway, not on foot! 'tis what they say. Who sanctioned this injustice, is a question we must ask. 'Tis the "Liberty of Centuries" to use the "Common Path". The Kings highways are not for use of motor car alone, it's the right of every Citizen to use them as their own. This Department does not own them, only build them where their needed.

No basic law in Canada would condone the generous deed!

Are we to be subjected to the wishes of the few, instead of Legislation, for the good of me and you: Has the government of Ontario discarded legislation to rule by rude commands!

Know they not the laws of Liberty or the values of this land! Its high time the people questioned many things they plan to do.

By-passing legislation just opinions of the few.. Take a look into the future. It is really rather dim. If we pass up legislation, ruling through Department whim. People cannot call their soul their own, without sanctions

now.

They blindly overlook the fact, we pay the bills and How! They tell us this is Progress, if it is, its rather dear, Paid, with loss of civil liberty, 'Tis a dangerous path I fear. When they dictate; the path we take, how long before control of thought and action, what we speak, twill be a dreadful toll. Dictatorship moves slowly, it is really very subtle, but the older folk can still recall a famous gold coal scuttle.

It toppled once a government; It thought that it could rule for a segment of the citizens, it soon was proved a fool. Do you know the oath of office elected men must take? "To protect the Rights of Citizens, Safety, Property and Ltd." The oath of the "Magna Charta". The oath that made us free. We did not elect one member, to destroy that Liberty.

Kay Lunham

CAGES FOR WILD TAXPAYERS

Before Municipal Taxes began to rise rapidly, before teachers and schools became more beautiful and fancier, there was a saying: "Nothing is too good for the children." That's when they began to put in the marble drinking fountains, Olympic-size swimming pools and \$800 diving planks — all extras that make a city.

Now the cry goes up that nothing is too good for the wild animals in the zoo, even when the people who pay the taxes to provide for the wild animals are not properly housed because they cannot afford to pay present-day prices for plumbers, carpenters and electricians.

The wild animal phase of municipal taxes in one central city is to take the form of a zoo which at present prices would cost about twenty million dollars "for the first phase." This is according to the Association of Women Electors. What they mean by present prices is something else again.

The architect, the engineer, the landscaper and many other experts are in on the act. The grand complex will be for the exhibition of animals from A to Z or Aardvark to Zebra. The predatory prey relationship will be maintained but the report of the women electors does not indicate who is the prey. There is to be a lot of study and research but no suggestion of research into reduction of taxation. It's not merely that there will be lions and tigers but there will be complete apartments for animals "ecologically." There is to be a diet kitchen and a hospital. It is not clear whether the kitchen is for the animals, whether the hospital provides a cure for the taxpayers, although it is stated definitely that the nursery is for young animals.

Perhaps the most interesting proposal, which of course, is likely to be carried through, is the suggested winter protection for the exotic animals, the animals which are not accustomed to the blustery North American climate. There is to be a domed enclosure with a natural outdoor habitat grouped by continental sources, and warm swimming pools for animals which do not wish to get themselves too cold.

A zoo, a slang word for zoological gardens is a fine thing for any community to possess.

Special cages will be provided for wild taxpayers.

One taxpayer who acquired a home in 1950, not quite eighteen years ago, reports that the taxes are now just about three times what they were then. This does not take into account any special taxes, local improvements or sewer taxes that have crept in.

LETTER TO THE EDITOR

Thursday Sept. 12, 1968

Dear Sir:

My sincere sympathy on the loss (only temporary I hope,) of Fenwick's column.

The thought that he won't be able to go a few "rounds" with me just leaves me cold. Unlike Chester, I fully enjoy the column and hope it resumes very soon.

Fenwick's suggestion that the Main Street be designated a "Shopping Mall" is a good one, but like him I find it would take some figuring as to where to park the cars.

How about a "Rickshaw Service"??

"Mat" and I visited the town of Haliburton on our holidays and believe me, Haliburton really suffers by comparison to Minden.

Minden is really a lovely town, but I don't know why they allow such garbage in the back of stores and why the Litter Drums aren't cleaned out at least every two days, every day in the summer months.

It is nice to see the river bank being fixed up. A few petunias make such a big difference.

I think you need a woman on the Town Council, preferably one under the age of 40. (you'd have every gal in town running no one wants to admit they're over that age).

Perhaps she could go on a "Good Book" campaign for the Library and some of the summer residents could donate their books to the cause. Also, she might try to promote the "Haliburton Tartan. Not one store in Town has this lovely plaid prominently displayed.

Well Mr. Greir, I guess that's all the "Beefs & Bouquets" this time around.

P.S. Congratulations to the Minden Senior Softball Club.

Your Sparring Partner,
Mrs. James Matalas

HICKS REUNION

Over 100 persons attended the annual Hicks reunion at Lochlin recently. Activities during the day included races for children and adults followed by a picnic.

Oldest woman was Miss Mildred Herbert, 80, of Lochlin, and the oldest man in attendance was Ezra Austin, 80, of Foleyet, Ont., who came the longest distance to attend the reunion. A prize for the longest married couple at the re-union went to Mr. and Mrs. Moss Minaker of Lochlin, who have been married 45 years.

Before dinner, grace was said by Edward Carpenter of Lochlin. Chairman of the reunion was Erastus Robertson of Minden, secretary Mrs. Edward Carpenter of Lochlin and treasurer was Mrs. Gerald Hicks also of Lochlin.

HOLE-IN-ONE AT BEAVERBROOK

On Friday the 13th., at the Beaverbrook Golf Club here in Minden Mr. Harry Moore scored a hole-in-one shot on the number eight hole.

What is more interesting about this most difficult feat is the fact that this is Mr. Moore's second hole-in-one on the calendar date of Friday the 13th.

Playing with Mr. Moore who is from Agincourt, was Ralph Tomlinson, Hugh Worley and Ed Howell.

HORNETS CHASE MINDEN CREW IN AREA CANOE RACE WIN

WILLIAMSTOWN — A crew directed by Robin Campbell of Camp Kandalore, near Minden, Ont., won the canoe race here which was a part of the Nor-Wester's Museum program held recently.

The men from Minden paddled their river craft from the mouth of the Raisin at Lancaster to the museum landing in an hour, including portages, a delay when the crew ran into a hornet's nest along the bank, and similar adventures.

Another crew from Camp Kandalore was only about four minutes behind, and the third group of paddlers entered by the museum was about 15 minutes later making the distance.

When they arrived at the museum grounds the winners were presented with a North West flag by Glengarry Historical Association president, Mrs. Harriet MacKinnon, in lieu of an engraved plaque which did not arrive because of the mail strike. In return, the canoeists, who are also associated with a museum, presented the North West Museum with an example of pemmican, the dried meat which was the staple food of the crews of the thousands of canoes which once formed the transportation system of the fur trade.

The visitors to the museum had the opportunity to see the building which featured several exhibits, including a large display of paintings by Stuart McCormick and wood carving by Mauno Veltheim, both Glengarry artists.

As a feature of the afternoon, the Glengarry Pipe Band played several selections on the lawn in front of the old school building which houses the museum. The band played the welcome for the canoeists as well.

Two riflemen from the Tobacco River Muzzle-Loading Association, of Beaverton, Michigan, gave a demonstration of loading and firing their ancient weapons, replicas of flint-lock loading and firing their ancient weapons, replicas of flint-lock guns used in the fur trade and fur hunting about 1770.

Anthony Jontas of Auburn Mich., and Douglas Kuch of Bay City, had two rifles, one a model of the 1770s, the decade in which Williamstown was founded and the fur trade was at its peak, and one from about 1820, also a flint-lock, reproduction a gun from the period before the introduction of the percussion cap.

Loading, priming and firing the 1770 model rifle provided an interesting and noisy, demonstration of an unusual firearm. This was an advance on next year's museum program, which the Glengarry Historical Association hopes will feature a canoe race and muzzle-loading rifle competition on a larger scale.

SPORTS

WITH BOB BEENEY

The Minden Minor Hockey Association held their first meeting since the new executive was formed last Thursday night. Attendance was 100% with Vice President Ray Miller, Treasurer Al Greir, Secretary Keith Brown, Past President Soup Campbell and yours truly present.

Many problems were discussed and it looks like this season could present many problems for the Association.

Naturally, as in most community projects, one of the most pressing problems is the financial one. A rough estimate of expenditure expected to accumulate in the 1968-69 season in the neighbourhood of \$2,000.00. More ice time is planned for the kids and with need of more equipment it looks like the executive will have to come up with numerous schemes to raise money.

It is almost a certainty that a house league will be formed. This in itself will cost the Association a great deal of money. At our first meeting the executive decided to attack the increased financial burden immediately. All Service Clubs, Municipal Councils and Businessmen in the immediate area will be canvassed. The Service Clubs will be asked to donate to the Association to help as a Project — the youth of our community. Municipal Councils will be asked to donate to help the Association accomplish a portion of a recreational program which is in fact a duty of the Municipality in the first place.

Businessmen will be asked to help defray the costs of operation of the Association as a Progressive Partner in the advancement of our community.

As a first money raising scheme the Association is offering for sale "Booster Labels" for the price of \$5.00. It isn't expected that private citizens will purchase them but it is hoped that any businesses that are able to see their way clear to buy one do so as soon as convenient. Because of the increased financial obligation the Association has found it necessary to raise the registration fees up to \$5.00 per person or \$10.00 per family.

Much thought was given to the boost in fees but it was decided that it was a necessity if the Association is to operate in an extended hockey program.

Don't forget registration will take place on September 20 at 7:30 P.M. at the Minden Municipal Building. It is expected the season will commence around November 1.

HATS OFF TO ROTARY

Hats off this week to the local Rotary Club — they are sponsoring a trip to Peterborough on Sunday evening to see the Maple Leafs in action.

The cost for the kids to see this game is only \$1.00, the bus trip will be free of charge. The game starts at 8 p.m. and the bus will leave the Progress Office here in Minden at 6 p.m. sharp.

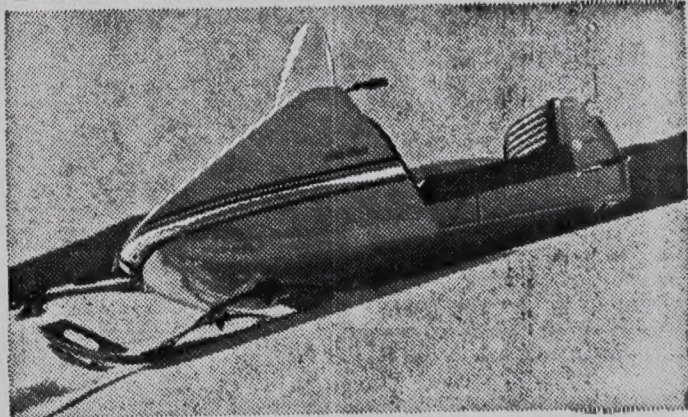

If anyone hasn't yet got their name into their teacher to go, phone the Progress Office for there could be still an opening available.

FIGURE SKATING

That seems to be a question mark as of yet — we haven't heard a thing, could be their executive are still in the planning stage, when we get word we will pass it on.

AREA SUPERINTENDENT — DELEGATE AT CONFERENCE IN TORONTO

Mr. N.E. Ward, B.A., M. Ed., Area Superintendent of Education of the Haliburton Superintendency is to attend as a delegate a Conference of the Canadian Association of School Superintendents and Inspectors. This convention is scheduled for September 17 and 18, while on 2 succeeding days, the conference of the Canadian Educational Association is also to be held. The Conferences are taking place in the Royal York Hotel, Toronto; delegates will attend both conferences from all segments of Canada.

This year the Ontario Association of Superintendents and Inspectors are hosts for the Conference of the Canadian Association of School Superintendents and Inspectors. The theme for the Conference will be, changes, innovations and reactions to the trends of current educational philosophy.

COLLEGE RAISES EXTENSION FEES

An Ontario Department of Education ruling has resulted generally in an \$11 fee increase for subjects offered this year through the extension division of Sir Sandford Fleming and other community colleges.

College President David B. Sutherland said a fee of \$26 for 50-hour subjects has been set, in contrast to the former \$15 per subject which was charged in Peterborough, Cobourg and Lindsay.

However, the \$26 figure should qualify as a deduction under income tax regulations, which was not possible with the old fee structure.

For shorter half-credit subjects, the fee has been set at \$15.

Mr. Sutherland said the increase was "realistic" in view of rising costs and added that fees as high as \$50 are common to similar college programs in other parts of Ontario, while university fees range to \$150 per subject.

As in the past, fees will be payable at the time of registration, which in Peterborough is from 7:00 p.m. to 9:30 p.m. on September 24 and 25 at the McDonnell street campus for basic certificate and general subjects, and on September 26 for students taking subjects for their intermediate and advanced technical (A.T.E.C.) certificates.

In Cobourg and Lindsay, registration is October 1 and 2, at the Cobourg Collegiate Institute East (335 King St. E.) and Sir Sandford's Lindsay campus, 33 Russel St. E.

ABOUT THE TOWN

With Jeanne Sears

The Grain Handlers Strike is finally over. We wonder what will be done with the bumper crop, along with the surplus from last year. It will be a serious result if sales cannot be made. The farmer seems to be the one to suffer.

* * * *

Preserving and pickling time is here again. There is a convenience in the fresh spice, most kinds can be bought ground, but it is better to get fresh spice as you need it.

* * * *

The new IGA store is an asset to the village with its modern colourful appearance, spacious and convenient. Wednesday morning there were some 300 customers and shoppers numbering over 600 crowded through. The parking is very convenient and although not in the middle of town still adds to our community. Best wishes of the village to the Dollos on this fine building.

* * * *

A little note on the library, the hours will be every afternoon 3-5 and one hour, three evenings, the same hours as in July and August.

* * * *

We understand that the Book "In Quest of Yesterday" a history of the Provisional County of Haliburton has very nearly sold out and will be going into its second edition. It is gratifying that this volume was so popular and contains facts and memories for so many people. The Chamber of Commerce are to be congratulated for their fine effort in this publication.

* * * *

We read in the papers that winter works will be discontinued. This may make a great deal of difference in our economy. More people will have to apply for Unemployment benefits. Isn't it better to have people working than increase unemployment? We send so much relief overseas and yet here in our Area the economy is not of the best. However there seems to be a trend for new homes here, with few or no homes for rent. This poses a large question as people retire. We have a pleasant village and welcome all newcomers.

* * * *

There have been many funerals of residents or former residents this past week. These include Mrs. Daniel Smith, Mrs. Stuart Miller, Mrs. Andrew Kernohan Sr. Bert McKay, Robert O'Neill and W. J. Scarlett. Sympathy of the village goes to their families and friends.

* * * *

A pretty wedding had a lovely day Saturday when David Austen and Francis Sisson were married at St. Paul's Anglican Church. The wedding dance was at Medleys and the crowd enjoyed a happy time.

* * * *

A woman who drives from
The back seat of the car
Is the subject of song, quip and fable;
But you'll have to admit
She's no worse than the man
Who cooks from the dining room table!
Harrison Miller.

* * * *

For cottagers a note, there is not much colour in the foliage yet as the frost holds off. There are many persons still remaining at their summer homes until the cold weather comes. September seems to be the nicest month for a holiday. Cheerio until next time.

BERT McKAY OBITUARY

Bert Emery McKay passed away suddenly in the Ross Memorial Hospital, Lindsay on Tuesday, September 10th 1968 in his 69th year.

He had been in failing health for several months but his sudden passing came as a shock to the community.

Bert Emery McKay was the son of the late James and Lucinda McKay. He was born in Somerville Township in 1900, and resided in the vicinity of Kinmount all his life.

Left to mourn his passing are his three brothers and two sisters — Mark of Minden Clarence of Coboconk, Gertrude of Kinmount, Elgie of Lindsay and Ruth (Mrs. Grant Glover) of Omeme. He was predeceased by one sister Mabel (Mrs. Gordon Murdock) and is survived by nine nieces and ten nephews.

The funeral was held from the John Welch and Son Funeral Chapel in Minden on Friday September 13th where Rev. Oakes of Minden conducted the service at 1.00 P.M. Interment was at Kinmount Cemetery.

The pallbearers, all members of the Digby Hunt Club, were Robert Moore, Walter Dufty, Keith McKay, George MacKay, Roy and Lanny Hughes.

FORMER SCARBORO BLUFFS RESIDENT PASSES

Mrs. Elizabeth Smith, a former resident of Scarboro Bluffs, Ont. passed away September 11, 1968 following a period of illness.

The wife of the late Daniel Smith, long time employee of the China Mission, Scarboro Bluffs, Mrs. Smith was born in Liverpool England October 27, 1878. She came to Canada with the family in June, 1922 and took residence at "Minden Pines" on the Gull River with her daughters, Doris and Edith.

Resting at Welch's Funeral Home until Monday September 16, the body was removed to St. Paul's Anglican Church for Services, thence to St. Margaret's in the Pines Cemetery Scarboro Bluffs where it remained in state until final interment.

The late Mrs. Smith is survived by her only son Bert (Sgt. W. H. Smith, RCAF Summerside PEI) Daughters, May (Mrs. John Oley, Scarboro) Edith and Doris (Minden), Louise (Mrs. L. Anson, Binghamton, NY, USA), Sixteen grand children and Twenty Great-grand children.

IT PAYS TO USE THE PROGRESS WANT ADS !!

CANADIAN RED CROSS AIDS EARTHQUAKE VICTIMS

The Canadian Red Cross Society recently gave \$10,000 to assist relief work among the earthquake victims in Iran. The money has been sent to the League of Red Cross Societies in Geneva for the purchase of relief supplies that will be distributed by the Iranian Red Lion and Sun Society, the counterpart of the Red Cross in that country.

The cash grant was authorized recently by John Partridge, of Kingston, Canadian Red Cross president, now attending meetings in Geneva.

Red Cross headquarters in Toronto has been advised that a delegate has been sent from Geneva to Teheran for an on-the-spot survey of the condition of the homeless and the needs of the victims.

A Red Cross spokesman explained that a cash grant was more useful at the present time in order to expedite air shipments of tents and blankets, the priority items of the relief effort. These are readily available in Europe and in some nations nearer to the disaster area.

WHEN DISCARDING DRUGS

When discarding drugs that have already served their purpose, be careful. Flush them down the toilet or otherwise make certain they do not fall into the hands of children.

This is a reminder from the Department of National Health and Welfare.

SUSAN SAINT JAMES

Susan Saint James, Gene Barry, Robert Stack and Tony Franciosa star in CBC-TV's new 90-minute drama series *The Name of the Game* debuting Thursday, September 19 (in color).

COUNTY HEALTH UNIT CRACKS DOWN

The Victoria-Haliburton Counties health department have closed down a snack bar and refreshment booth in Cobocok. According to Dr. A. G. Bailey, Medical Officer of Health, the action was taken when the snack bar operator, Cecil Toole, ignored repeated requests to clean up the eating place. Complaints were made in July and Toole was visited by department officials three times but no improvement.

FIT FOR EMERGENCIES

A person who is physically fit is likely to respond more effectively to emergency situations that he encounters in everyday life. In ordinary circumstances as well, he is likely to be more productive and can work for greater periods of time without undue fatigue, says the federal health department publication, *Get fit*. — Keep fit.

WOODS, WATERS AND WILDLIFE

By James Woodford

Thanks to the whole-hearted co-operation of many of the most capable amateur and professional field observers on the North American continent conjectures as to the effects of our changing environment on our native birds can now be replaced by fact.

A breeding bird survey makes it possible for the first time to measure population changes in our songbirds on a national or continental scale.

During the height of the 1967 nesting season observers covered 982 randomly selected roadside routes in the central and eastern parts of Canada and the United States. Each route was covered once, starting one-half hour before sunrise. Each route consisted of 50 three-minute stops.

Analysis of 1966 and 1967 data for selected species showed that for most of them no statistically significant changes in abundance occurred. Rather surprisingly the starling decreased by almost 20

per cent. The robin, hard hit by pesticides a few years ago, continued a comeback and was up 5.4 per cent.

But the once common bluebird continued to decline, despite local increases reported in South Carolina and Maryland. The bluebird population declined by about 6 per cent.

Since the turn of the century the cardinal, a southerner, has become established over much of southern Ontario. It is still spreading over the province — particularly to the north and east. The cardinal population increased 8 per cent from 1966 to 1967. Other birds showing increases were the red-winged blackbird, the phoebe, the brown thrasher and the meadowlark.

Forty routes were covered in Ontario during June. The Ontario survey was co-ordinated by Dr. Martin Edwards of Kingston, President of the Federation of Ontario Naturalists. Binocular buffs from across the province eagerly volunteered to 'man' a route.

One interesting result of the survey was a series of computer prepared maps showing the areas where a species was common or rare. A year to year comparison could show shifts of populations, long suspected by ornithologists.

The breeding bird survey is sponsored by the Canadian Wildlife Service and the U.S. Fish and Wildlife Service.

RALLY DAY

Rally Day was held last Sunday Morning at Minden United Church in connection with the mornig service.

The Scripture was read by John Morgan, a prayer by LuAnn McKnight and Susan Archer led the responsive reading. Four boys acted as ushers these being Brian Austen, Bradley Robinson, Terry Oake and Eddy Cox.

Awards for perfect attendance by the superintendents Leslie Prentice and Mrs. Percy Brintnell these going to Eddy Cox, Freddy Cox, Susan Archer, Mike Elder, Ronnie Earle and Sarah Walker. Forty in all received awards for satisfactory attendance and an item of note is that Eddy Cox has completed his 10th year of satisfactory attendance, 8 of which are perfect attendance.

The young people of the congregation are to be commended for their continuing interest.

DOLLARS AND GOOD SENSE

by William J. Martin

Dear Sir: You and others have been telling him to "put it in your bank." Savings is fine and a habit which should be fostered early. But bear in mind that your fundamental purpose is to teach the child to handle money and he can't learn if the money is in his bank. He will learn to save when you point out that they can buy certain items more expensive than his allowance will permit only when he "saves up" for it. At that time the child will see the real value in saving and the reason for it.

Mrs. I.V.W.

Some authorities suggest that children four and five years old be given allowances. I would agree providing the child has been given to understand what money is and does, what it is worth — five pennies are the same as a nickel, etc. — and that money represents time and work on the part of the breadwinner in the family — that is, that money doesn't grow on trees.

Start your youngest children on a dime or 15 cents a week and encourage them to spend it in any way they see fit — only do no supplement the allowance when it has been spent. This way the children learn that (a) what they spend for this, they cannot spend for that and (b) that the supply of money available to them is definitely limited.

Increase the allowance until the child is receiving about 50 cents when he is eight; \$1 when he is 10; \$2.50 at 12, and about \$4 when he is 14. Amounts for older children will vary.

Allowances should cover as many of the child's normal expenses as possible — school lunches, bus fares, movies, malteds — and as seem reasonable to you. Normally, allowances do not cover clothes or family recreation.

Some parents make what I consider to be the mistake of giving a child an allowance and then

PLAN NOW

If you are now young and healthy, you probably don't think much about how important it will be to you to have friends and activities in your later years.

But you should think about your retirement years now, according to the federal health department pamphlet, "Planning for the Later Years". While you're still working you can do much to make sure your retirement years will be happy and interesting.

Now, while you're working, it is easier than it will be later on to make friends — both at work and through outside interests and hobbies. You should also strive to accumulate interests now, for it is the people who keep busy during their employment years who soon find a full timetable after retirement, the pamphlet says.

But bear in mind that your fundamental purpose is to teach the child to handle money and he can't learn if the money is in his bank. He will learn to save when you point out that they can buy certain items more expensive than his allowance will permit only when he "saves up" for it. At that time the child will see the real value in saving and the reason for it.

HAWK CLIFF REGIONAL FIELD GATHERING

On September 21st and 22nd, the Federation of Ontario Naturalists in conjunction with the St. Thomas Field Naturalists Club will have a regional field gathering at Hawk Cliff near Port Stanley. Hawk Cliff is well known as an ideal place to observe the autumn hawk migration. Under favourable weather conditions, it is possible to observe several thousand Broad-winged Hawks together with other hawk species. Other diurnal migrant birds may also be seen in large numbers. The largest flights may be seen when the winds are from the north-west with cumulus cloud present.

Leaders will be present on both Saturday and Sunday but best observations are usually in the morning and late afternoon. Members of the St. Thomas Field Naturalist Club and Mr. Peter Iden of the FON will be present to assist visitors.

Hawk Cliff is reached by driving south from St. Thomas on highway 4. Go east on Concession One which is a short distance north of Port Stanley, to the first road east of the town. This road is a dead-end road leading south to Lake Erie. A school is on the north-west corner. Hawk Cliff is at the end of this blind road. Watch for FON signs.

For further information contact the FON office, 1262 Don Mills Road, Don Mills, 444-8419, 444-8410.

BLOW BACK

Blow back isn't a new term in the vocabulary of fire but recently it got national headlines in a Canadian fire which killed a fire fighter in a high-rise office building fire. Opening a door (it wasn't his fault) the fire fighter was blasted.

When air is heated, it expands and increases in pressure. The vital oxygen is turned into deadly gases.

Now you know one of the reasons why the fire fighter chops a hole in the roof. It is to vent the blaze gases and smoke.

BITES AND STINGS

If your child is bitten by any animal, report it to your doctor at once. While waiting for him treat it as a small cut.

If the baby is bitten by an insect, remove the stinger, if any, with tweezers. Apply ammonia, diluted with equal parts of water, or a solution of baking soda and water, to neutralize the acid causing the pain.

COLOUR AND VITAMINS

GO TOGETHER

Did you know that the greater the intensity of colour in green and yellow vegetables, the higher is the pro-vitamin A value? For example, the outer green leaves of lettuce contain more than the pale inner leaves, says the federal health department publication, *Healthful Eating*.
